(To Dr. Laurason Brown, Saranac)

Baltimore, Oct. 5th, 1898.

Dear Brown:

We are all very much distressed to hear of your illness, but Thomas gives a very favorable account of you and I am sure you will be all right for next year. So many young fellows seem to be taken down this year with tuberculosis. I have two young friends in the Physiological Laboratory who have been attacked.

With kind regards and best wishes.

Sincerely yours,

W^m Osler
