Dear Ogden

D. V. I leave for England immediately after my exams - early in June. Sorry not to be able to go to Denver, ~~if~~ but I need a good rest & hope to get off for three months if I can induce Mrs. O. to take Ike.

I wish you could take ten days or two weeks with us this spring - say May. You would enjoy a good rest & it would be a great pleasure to have you. I will promise to play golf with you three or four times a week. The boy thrives. I have been horribly driven - literally from Dan to Beersheba. I never have been so much away.

~~Love to all at home.~~

Yours ever,  
Wm. Osler.
