(Dr. Lawrason Brown, Saranac Lake)

No. 1. W. Franklin Street, Baltimore,
March 8th, 1899.

Dear Brown:

I asked my nephew, The Rev. Herbert C. Gwyn, to telegraph you from Montreal the time of his arrival, as you kindly offered to meet him. He will feel a little strange at first, and I should be much obliged if you would do anything you can to make him comfortable while he is in the Sanatorium. I think the arrangement will be for him to stay there for a few months, until he gets into good shape, and then get out into the village. He has little or no trouble in his lung, only the tuberculous ulcer below the left vocal cord. I think it is very important that he should give his voice complete rest.

Sincerely yours,
W^m Osler
