My dear Willie,

I hardly need to tell you that we welcomed Grace and the sweetest of sweet boys on Tuesday, he looks so well, and no mistake he has energy and vigour for a seven year old child, spoil him not for he has the making of a fine man, may our God bless him with health of soul, of mind, of body. Grace will tell you they are settled at Ave St. this time instead of the Park. B.B. is much better and they were to go to Kianorta (?) today but I do not think he is quite up to the journey yet I have not seen him but hope to do so before he leaves such a blessing it is that he has a nice wife to nurse him. I have been indulging in a cold and something of the spring intermittents, but quinine is doing its work and I am not laid up. The weather here has been delightful though the Farmers may not agree about that, it is glooming over today. We hope it may be fine for the Childrens Party tomorrow, I wish you could be with them to make merry do come as soon as you can and tarry as long as possible. I am longing to see my Benjamin. Thanks for your note it was good, but did not take me long to read. Rheumatism still lurks about Edward, his left hand is now bondage.

My love to N. and W.F. much to your dear self from

Your loving Mother,

E. Osler.
