DR. WILLIAM OSLER,
No. 1 W. FRANKLIN STREET.

CONSULTATION HOURS,
2.30-4.30 P. M.

BALTIMORE.

Dear Dr. Knopf:-

It was very kind of you to send me your Alvarenga Prize Essay, which I am sure will prove to be of the greatest service. I have ordered it at once for our Hospital Library and for the Library of the Medical and Chirurgical Faculty. I am particularly interested in the question of the home treatment of consumptives, as after all the large proportion of cases cannot possibly visit Sanitaria. It is a line along which the profession needs much education.

Very truly yours,

WM. OSLER.
