Dear Blumer:

Delighted to hear from you in any cause. I have written already to nearly all the Asylum Superintendents in New York, and I enclose you a copy of one of the letters, which explains matters. I wish to goodness that we had thought of it earlier. It would have been a very simple matter, and it would have been a great pleasure to have had you or Hurd or Brush on the Committee.

Sincerely yours,

W^m Osler
