Dear Bowditch

How delightful! But the designing girls - how did they manage it with brothers! I wish that I could get to Boston next week. Mrs. Osler & Ike are there, but we sail on the 16th & I may have to go to Toronto again to see my brother who is still in an unsettled state. With love to all at home. Congratulate both those boys on their mother-in-law to be

Yours ever

W^m Osler.
