Dear Dr. Jacobs:-

We are very anxious to wipe out the debt of the Medical and Chirurgical Faculty before the beginning of the new year and the new century. As a result of two appeals our indebtedness has been reduced to the small sum of \$1600. We feel that the responsibility for this might well be assumed by a few of us who have the interests of the Faculty at heart. Will you be one of sixteen to give one hundred dollars toward this good purpose?

(Signed)

Samuel Theobald, President.

Chairman of Executive Committee,
Wm. Osler.
