Dear Gwen

I do hope you are keeping well - but do be very careful about taking cold. Keep your skin well oiled with cocoa butter or Lanolin and do not think of stirring out for weeks. Let me hear of anything you need, and send to Harry Webbs for ice cream & cakes &c anything you fancy, so as to have tea-parties with the convalescents. I do hope Annie is better. Poor soul. What a time you have had! All keep well here. I have been much on the road. Love to Ma & the chicks. Tell her I telegraphed Webb about the cake &c. for Beas birthday

With love &c,

Scarlet Fever

Your affec uncle
