Dear Shepherd

Greetings !

Love to Cecil & D.

(1) Are you coming to the meeting of the A. Surg. Ass. ^[May, 1901] which meets here in May. If so stay please with us & bring Cecil.

(2) Do you recall in the days of old a specimen of Spondylitis ^{an} deforms either from an Indian grave or a Mummy case? Is it still in the Museum? or are there others. I am working at the subject as a form of arthritis deformans.

Mrs. O. & Ike send love.

Yours,

W Osler
