There seems to be a certain monotony about medical examinations, so we suggest the following, by way of variety: -

1. - Who was Mephibosheth? What parental superstition dates from his time?
2. - What is "one of the saddest chapters in the history of human deception?"
3. - Give Osler's quotations from the following authors: - John Bunyan, Byron, John Cheyne, George Cheyne, Montaigne. Explain the context where necessary.

There are 24 questions given in the list, which may be found in the Baltimore Scrap Book.

*There are two copies of this - The 1st. student - added to the list - one was further circulated about a month later a complete set of answers was sent to me by my friend W.
