Dear Nuttall

My nephew W. W. Francis, a senior Med. Stud. at the J.H.H. will be in Cambridge for a month, taking Woodheads course. I have asked him to call. I dare say you will remember him as the small boy who used to stay with me at the Hospital in the old days.

Mrs Osler & I had arranged to go to Cambridge tomorrow but I have had to change my plans. We are off to Holland on Monday. I shall see you I hope at the Tuberculosis Congress.

Sincerely yours

W^m Osler

Kindest regards to Mrs Nuttall
