Dear Dr. Jacobs:-

I had a delightful letter from Mrs. Osler on Friday written in London on the 23 of July. She gives an account of the opening of the Congress, Dr. Osler's addresses and the great applause he received. As he left Mr. Choate thanked him. Mrs. Osler was there and I know she felt very proud as well she may. Then he went to a grand dinner. She sent me the Menu and asked me to send it to you. Fortunately, I did not mail it yesterday, as a letter from Miss Revere tells of seeing you & I imagine you are visiting friends at Bar Harbor - so I send this with the card to Miss Torrey asking her to see you have it. I hope you have not been used up by the heat. What a delightful time the Osler's have had thus far. Miss Haven writes me you have had a letter from Amsterdam; Now they are settled in N. Berwick till Sept. 1st. Do you know the date they sail? I quite forget. I hope you left your mother well. I shall hope to hear from you, and please tell me if you are to have the Franklin St. house again.

Cordially yours,

S.T. Revere.
