Dear Camac

How delightful to hear the news about the little passenger - good luck to her!

It was very sad to hear of your sisters death. You had not the address in the letter you sent me so that I did not know where to write until after we had returned from Holland, when the Doctor (to whom I had written) sent it. She made a brave fight.

We should get in on the 21st I think the Jamaica man had better come down to Baltimore as I shall go thro. to Wilkesbarre with Mrs. O. & the boy. I have got some treasures in the way of old books - a few gems & many good solid works of the Masters.

With love & best wishes to your good wife

Sincerely yours.

WM. OSLER.
