

(H. H. Medical School - Howell)

Baltimore, Dec. 20th, 1902.

CUS417/98.111

Dear Howell:

Sorry to have been late in returning this. I have cut out a number of what seemed to be superfluous passages. Do you think it would be advisable to have simply a statement of the course and the name of the man who gives it without anything else? Would not such a thing make the announcement as much too short as it is now too long?

Sincerely yours,

Wm Osler
