Dear Lafie:

"La Cocarde Tricolore" 1831 by Cogniard, the play in which Chauvin flourished is not in the McGill Library - is it likely to be in any other collection in Montreal? I should like to read what he says about the old Soldier. Ask one of your literary friends please. I have been struggling with the subject of Nationalism & provincialism in Medicine - too wide a swath I fear for my sythe.

Yours,

W.O.
