Dear Parfitt

'Tis long since I heard from you. I hope by this time you are well and strong. I am glad to see your report. Everything goes on much as usual. Fatcher lives next door and helps me with private work. Thayer is not far off - his wife (Miss Read) has been very ill with rheumatic fever but is now all right. McCrae is still in charge. Ward C is full as ever. We are making new rooms in the attic. The school work and teaching grows each year.

Mrs. Osler sends greetings. I am sending a photograph tomorrow.

With best wishes,

Sincerely yours,

Kind regards to Elliott.
