Dear L.

When you come to New York call on Dr. W. K. Draper who is a member of the committee on admission. It is essential that one member of the Committee should have seen the candidate. Welch & Walter James will write letters, and your name will probably be taken up early. Young Draper evidently has the 'say' on the question of medical candidates. You remember his father of course. I hope all goes well with you. It is too bad to hear of Blackaders continued illness.

Yours sincerely

P.S. This is a most deliciously restful place. You will appreciate it so much - just your form.
