

CUS417/102 . 20
(Dr McCrae)

Baltimore, January 28th, 1905.

Dear McCrae:-

As it is most important that the men in the Department of Medicine have a persona grata as my successor, please send me by return mail (1) your choice among the men in the county and (2) should a man outside the city be selected, whom would you prefer.

(Confidential)

Yours,

W. Osler.

Write to me - It is rather unlikely
that he did not speak of it.
J. McC
