Dear Parfitt:-

I can sympathize with you, but I have been laid up with a bad influenza cold. I am awfully sorry not to see you. I suppose you have heard that Barker has been appointed. Thayer has been made Professor of clinical medicine, and I think the team will be a very strong one. Do let me hear how you are. We sail about the 20th. of May, and Oxford will always reach me. Let me know at any time if I can be of any solace to you. I hope you are getting at something in the way of literature.

Love to your wife.

Sincerely yours,

(Signed) W. Osler
