1, West Franklin Street.

Baltimore, Md., May 17th, 1905.

Dear Packard:-

I asked Payne to send you his Lectures on Anglo-Saxon Medicine for the Journal. It is a very valuable thing, and I think he would be greatly pleased to have even a short notice in the American Journal. It represents really a very strong piece of work.

Sincerely yours,

W Osler

*On May 15 - Remains at the first Annual Meeting of the U.S. Assoc. for the Study and Prevention
of Tuberculosis Washington May 15th - from up in Denver.
