

(Dr. Thos. M<sup>rs</sup> Crae from Lady Osler.)

Oxford, June 14th, 1905.

CUS 417/103.6

"Yesterday Dr. Osler matriculated, was an under-graduate for twenty minutes, and then an M. D. by decree. He went to town Saturday and they four (that is the four professors who were sitting for the Sargent portrait) met me at the Carlton for Luncheon. Dr. Osler tried to make Dr. Kelly drink whisky and soda, but he said that he was just starting on a tour of temperance lectures."
