Dear B.

So sorry to hear that you are laid up with an arthrite - so strange - gout? After a Chicago diet the change & Md. is often trying & of course your system is surcharged with uric acid. By the way you did not give me a copy of your uric acid paper or if you did I did not bring it with me. Drop a line to say how you are or get the L of your L. to do it.

Yours ever,

W.O.
