Dear Campbell:

I am delighted to hear of your election to the M.G.H. You must accept of course. There should be no difficulty in arranging the necessary leave. It puts you well in the 'running' and I am sure they will be glad to utilize your brains at the College. Let me know if you think I should say anything about the extension of time to the Committee.

All goes well here. I had a busy week at the ^examinations which are very thorough and stringent. Gibson and Schorstein examined in Medicine. I have been in town a great deal. Sargent has made a fine picture of the Staff. I have a somewhat saturnine face but not so much as in the corner picture. It would be well to send the Tetany paper to the Am. Jr. Tell Packard that I asked you to do it.

Marjorie left today for London for a few weeks - we shall miss her so much. The *Gwynns* are still with us. 'Tis very hot for England but glorious for us. Thanks for the photos.

All send love. Isaac is beginning swimming lessons. He has learned to ^{swim} now quite nicely. Love to all the boys.

Yours ever,

W.O.
