Dear Campbell:-

Thanks for the photographs, which are first class. Let me know, please, as to the expense.

Let me know what you have settled about your plans. I shall be in Baltimore for the month of January. It would be nice if you and I came over together, if you did not intend to stay the winter. I think if you could have a few months with Mueller in Munich, you could get out a good piece of work.

I hope you will go over the question of dilated stomach. I am sure there is material enough for a very good article.

Yours ever,

W. Osler.

Ask Cole or yourself about the photo of Smith - that aneurism case.
