Dear Clarke:-

I think the Great Ormand Street Hospital would be first rate for you. I know most of the men and you will find Billy Francis at work there. He is at 5 Torrington Square. I daresay you might be able to get quarters with him. Come and see us shortly after you arrive. I was delighted to see in the big volumes your name and contribution. What a remarkable set of papers and what work it represents on the part of the school.

Love to your father and mother

Sincerely yours

Wm. Osler.
