(To Dr. John W. Churchman)

7, Norham Gardens, Oxford,
November 3rd, 1905.

Dear Churchman:

I was so glad to hear from you. I enclose a letter of introduction to Strümpell, also one to Hertle.

You must come here on your way back next year. It would be such a pleasure to see you. I have received the sumptuous reprints from the graduates. What a remarkable record of work they are!

Sincerely yours,

W^m Osler.
