Dear O.

I was so glad to have your letter on the ship forwarded from B. by Miss Humpton. I had a rushing visit, too much so - Montreal, Toronto (twice) Boston, N.Y. & Phila. I did not get much work done but it was nice to see the many old friends again. I am glad to have good accounts of the baby. What a joy a child is! Mrs. O & Isaac Walton (R. is nothing but a fisherman) sailed two weeks ago - he had to return to school. We have settled very comfortably in Oxford & when we get our own house it will be delightful. At present we are in the Max-Müller which is comfortable but I have not got out my books. It would be a great pleasure to see you (& the family) in Oxford. Give my love to all your people. I suppose your mother is daft about the baby.

With much love to Mrs. Ogden

Ever yours
W^m Osler
