7, Norham Gardens,
Oxford.

August 17th, 1906.

Dear Mr. Hutchinson,

Through oversight I have neglected to congratulate you upon the Moxon medal. It was a great pleasure to vote for you at the College. We all felt that no one living in the profession in England was more worthy of the honour.

Unfortunately, I was not able to go to Canada, having been detained by the purchase of a house and the large alterations. We are going off to Scotland next week.

Sincerely yours,

WM OSLER.
