Hotel 4 Jahreszeiten, München.  
Wednesday (Apr 22-24, 1906)

An assistant of mine, much interested in heart-work, wishes to visit your clinic for a few days. We are here together at the Congress f. Inn. Med. If you will be at home Dr. Gibson will come on Saturday from Rotterdam. I am sorry not to be able to come with him but I have to examine at Cambridge on Monday.

Will you please telegraph here on receipt of this. We leave here Thursday evening.

Prof. Wenckebach
