Dear Adami,

Willie Francis gets back to Montreal about the middle of September and I hope, perhaps, you may be able to utilize some of his spare time in the pathological department. He helped in the demonstrations with Welch for a year, and he might be useful.

It was a great disappointment not to get to Toronto, but we only got possession of our new house August 1st, and we are making a great many alterations. I had to stay to help settle with the place, as we have to leave this house November 1st.

Love to the family.

Sincerely yours,

W. OSLER.
