

(Signed) Wm. Osler.

CUS 417/105.16

A later postal from Osler was to the following effect:-

13 Norham Gardens, Oxford.

Tendeloo cannot come, so I think the Tub. Pneumonia discussion had better be cut out. I have a lot of interesting material, but I can keep it until the Congress* next year, and the programme seems pretty full. It would be well to secure Tendeloo for next year. He does and is doing A. I. work. I am in your hands in the matter.

Sincerely,

(Signed) Wm. Osler.

Feb. 13, 1907.

*This was the International Congress on Tuberculosis, October 1908.
