Dear White:

Robins did not pass - could not expect to. He got thro in one group & has two more to finish. He has had a very festive time at Oxford, mixed with the gay set & has I believe hunted &c, all of which is impossible on £300 a year. I hope some of his Phila friends have been making him a handsome allowance. He has not been dissipated, but he has not been with the working set. I think the Rhodes officials have been a good deal worried about him.

We have been here a week - delightful weather, splendid bathing & fine golf links. Fishing is poor, much to Isaac Walton's disgust. I hope you are decently discreet & minding what your wife says.

Yours

W^m Osler
