

(Typewriting)

(To Dr. Joseph H. Pratt)

13, Norham Gardens, Oxford.  
April 27th, 1908.

Dear Pratt:

No hurry, and do not bother specially about Beddoes. They are very likely to have in the Library the files of the old Gottingen Transactions. I will keep an eye open for any special literature on Syphilitic Nephritis.

We are in the depths of winter - a furious storm and yesterday about a foot of snow! Give my regards to Krehl.

Sincerely yours,

W<sup>m</sup> Osler.
