44 ave d'Jena, Paris, 9th.

Dear Barker

Most gratifying to hear that the Phipps Dispensary got one of the Congress Prizes. I have sent Harriman & Mr. Phipps congratulations. We are having such a good time here. Clinics have begun - much of interest. Love & greetings to Margaret Taylor & the mother & to Jack & No 3. What a family man you have become! Love to Miss Humpton.

Yours,
W.O.

(Dr. Osler mailed the card unaddressed. It was returned to him. He sent it to Dr. Barker again, and wrote on the front of the card: "Most clever of them to send this back to me. I had forgotten to address it.")
