

Autobiog. notes , 1909.

1909.

Left Paris for Cannes on the 15th. I had a tonsillitis on and off and felt very seedy. Just redness, swelling and soreness. It kept up off and on at Cannes. We stayed at the Mont Fleury Hotel - excellent place.

Feb. 9. Rome - Hotel Royal. Sore throat and hoarseness - kept up nearly all the time I was at Cannes, not a good place for cold - winds high and a hot sun.

Sun. Ap. 5. Came on from Milan to London.

Th, Ap. 9. Took a heavy cold, was in bed 10, 11, 12 and 13 - fever and schnupfen, no cough. Was to have sailed on 14th, gave up passage.
