Dear Nuttall

My love to the family - punches & tweaks to the boys & a kiss for the angel girl.

I am off for the winter I have been in Paris since Oct. 1st seeing the town - medically & having a good time generally. We are now on our way to Italy & I sail for NY April 15th to be back towards end of June. I am green with regret not to be able to be at the Pepys dinner - do give me another chance. It is most kind of you to think of me. This is a heavenly place - such sunshine!

Yours ever,
