April 12th, 1911

Dear Harris,

Thank you so much. I visited the old church many years ago. I will put the photo in my edition of the physiology. It would be a nice thing to put up a new stone, or to recarve the old one. I should think the Physiological Society might have it done; it would be worth while bringing it up.

With greetings to Mrs. Harris.

Sincerely yours,
Wm Osler
(C.S.P.)
