(To Dr. T. R. Boggs, J.H.H.)

13, Norham Gardens, Oxford.  
Sept. 6th, 09.

Dear Boggs:

It is interesting to hear of Futcher's collapse, but it is a very good thing for him. This is becoming a matrimonial agency. We shall hope to have you over next year to arrange your fate.

I cannot find the old aneurysm records anywhere, they must have been left in Baltimore. Ask [question-mark] to get out the incidence of Syphilis, and to pick out any specially interesting syphilitic cases. I should like it as early in October as possible as I read a paper on Syphilis and Aneurysm on the 15th.

Sincerely yours,

W<sup>m</sup> Osler
