Dear Boggs

Thanks for Your cable. I am expecting the report, today or tomorrow as you say it went on the 29th. Tell Parsons the samples he sent are A.1. Has anyone been Taking the Wassermann in the Coloured ward? I see from Kraus clinic a paper in which the per- of Aortic insufficiencies with it is very large.

Margery Howard went off this morning. T.B.F. is a lucky man. You must come over next year & let us settle you.

Mrs Osler sends love & Isaac Walton Jr.

Yours ever,
with much thanks,

W Osler
