Oxford, Nov.18th., 1909.

Dear Miss Charlton:-

So glad to hear that things are moving rapidly and smoothly. How pleased and proud you will be in the new building. It will take time of course to get properly settled.

I do not think it makes much difference where those votive offerings are placed.

Give my love to your friend Miss Abbott. It is strange is it not that one school should hold two such saints.

Thanks for the letter about Mrs. Smith. Like yourself she is an enthusiastic soul.

Sincerely yours,

(Signed)

Wm. Osler.
