

From the Regius Professor of Medicine, Oxford.

Dec. 15th, 09.

Dear Shepherd,

Thank you so much for the apples which have been greatly appreciated.

I am glad to hear that things are progressing so rapidly. I had a nice chat with Strathcona the other day and the old man was greatly pleased with what he saw.

There is no possibility that I can get out in the spring, I hope to spend August at Murray Bay.

Love to the girls.

Sincerely yours,

W Osler
