(Dr. H. V. Ogden)

From the Regius Professor of Medicine, Oxford
Jan. 3rd, 10.

Dear Ogden,

It was very nice to get your letter, and to hear that you are having disturbed nights with the children, which is a good deal better than having peaceful nights without them. How many chicks are there? I hope Mrs. Ogden is keeping very well. I am so glad you had a visit from Cushing, who is indeed a treasure; it is delightful to see a fellow with his enthusiasm and keen brain.

Raleigh is a charming man and one of the most popular lecturers here; I have not yet read his Shakespeare.

Do you not think that next summer you could steal a week or ten days from work and come here? There is so much that would interest you.

Give my greetings to our ochronotic friend.

Revere has grown such a big fellow, and is off to Winchester in a couple of weeks.

Thanks for the word, it is first class.

Love to the family.

Sincerely yours,
Wm Osler
