(To Dr. T. R. Boggs, J.H.H.)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

Jan. 9th, 1910.

Dear Boggs:

Is not Parsons going to send the other notes of aneurysm cases? I have only received three or four which I thought to be the samples. I wish to pick out the figures in reference to pupils.

I am glad you like the Sir Thomas Browne reprint.

What an extraordinary condition in that case, it must be unique; I am glad you have to report it in full.

Sincerely yours,

Wm Osler.
