Dr. E. P. Howard

Dear Campbell:

You remember our North Atlantic Medical Society and that Delightful trip we had together. I wrote out the enclosed on my return, but I do not believe it was ever distributed.

I am glad to hear that the M.G.H. man is going on with you. Keep Bill at work if you can.

It is delightful to have such nice letters from Marjorie in Baltimore. Look after Harry Wright for his father's sake; ~~Muriel~~ **MURIEL** has been with us this Christmas. Everything here is going smoothly. Tommie is off to Winchester next week and is feeling very happy about it. Love to Muriel and her family.

Sincerely yours,

Wm. Osler.

P.X. Jared is wonderfully better, fatter than I have seen him for years.
