(To Miss M.A. Charlton, Toronto)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

March 7th, 1910.

Dear Miss Charlton:

It is simply impossible to come out in June. I could not be away the early part of that month without special leave, and after stealing so long a holiday last year I have not cheek enough to ask again, but I shall be with you in spirit.

What a splendid thing to have at last got the buildings in good form! I can imagine how hard work^{ed} you have been to have got things in order.

I have got yet to send you a description of all these votive offerings.

Sincerely yours,

W^m Osler
