

(Letter to Mrs. Robt. Brewster)

2nd

13, NORHAM GARDENS.

Dear Mabel.

I wish I could take the wings of the morning and be with you a few autumn days at Mt Kisco - but next year I hope to be lucky enough to have a really good visit. I hope you are as well as you looked last night in a dream, but Sylvia was a boy - such a dear one with curly hair - and yet was Sylvia! my dreams are always so crazy. I have not yet got over the shock I had on finding that you had been so ill so drop me a reassuring card now & again; but I have a nice mental film which I turn on - & am satisfied, when I see you as you looked at the Triumph door. I hope you will see Grace shortly after she gets this. She sailed two weeks ago to Montreal & returned about the 22nd.

What is Lois' address? - and will you please, the next time you are in town, spend \$25 on some trifle as a little present. My old secretary will send you a cheque from Baltimore. I am very busy - revising my text book

My love to Sylvia - Mopsey - wopsey - topsy has not been well, very bad attack of rheumatism. but she is better. I will write soon about her. Love to R B & Uncle Ned

Affectionately yours

WM OSLER
