Dear Mabel

What a sweet angel! I am delighted with the photograph. How pleased & proud you must be. She is a darling, and how grown & fat. She is adorning my mantelpiece. I hope Grace will have time to call, if only for a few minutes. It is a sad errand for her. She returns on the 13th. The boy is back from Winchester and is so happy & well. He has just gone off to Wales with some friends for a week's fishing. Are we to see you here this summer? I am horribly busy with some wretched lectures at the Royal College of Physicians, and then, if Grace gets back in time, I shall go to Wiesbaden for a Congress. We have had the most glorious spring - a month of sunshine. Love to Uncle Ned & R.B. & a kiss to the darling

Yours affectionately
