

President of Conference, Prof. Osler, M. D., F. R. S.

CUS 417/109.71
13 Norham Gardens,

May 3rd, 10.

Dear Mr. Phipps,

I was on the point of writing to thank you for your great kindness to my good friend Hamman, from whom I have had several letters very enthusiastic about his trip. He is indeed a man to be encouraged. I do not know anything that has pleased me more than the success of the Tuberculosis Dispensary.

I am glad to hear Hal is progressing satisfactorily.

We shall look for you early in June. I hope you may be able to come to the annual meeting of the National Tuberculosis Association in Edinburgh on July the 4th. We are trying hard to put the National Association here on a proper basis; young Waldorf Astor is helping us, and we have just started a special Appeal Committee.

With kind regards to Mrs. Phipps,

Sincerely yours,

Wm. Osler.
