CUS417/110.8
(To Dr. T. R. Boggs, J.H.H.)

13, Norham Gardens, Oxford.
July 18th, 1910.

Dear Boggs:

I am delighted to hear of your appointment which will give you a splendid opportunity both to work and to teach, and with your afternoons free you should be able gradually to get consultation work.

I hope you will be in Baltimore in September. We are sailing on the 29th; Revere goes fishing for a few days with Campbell; we go on to Murray Bay, and then to Boston. They will have to return by the 5th of September as Winchester opens on the 16th or 17th. My intention was to stay until the first week in October, but I have been having a few twinges again in my stone quarry and may have to come back with them to go to Contreuxville. Send me a line to c/o Mrs. McNabb, Pointe à pic, Murray Bay. I hope you will be able to get away in the autumn.

It is very sad to hear about the Major, poor fellow! He will be greatly missed.

I do not see how your name escaped my mailing list; I send you a batch of recent reprints.

McNabb Sincerely yours,

Wm Osler

The aneurism papers
came - thanks.
